From TAL to Goemeneasz India

TAL's association with M/S Goemeneasz has been fruitful in getting our Vertical Machining Centres CE Marked.

Mr. Atul Shirodkar gave us technical input essential for CE conformance of our products. He assisted us in identifying the economical process of getting our product CE marked without any reworks, that is he took personal effort to ensure "First time right".

He contributes in all the aspects of CE marking, that is carrying out risk assessment of the product, preparation of Technical file and machine documentation, safety requirements etc.

## CONGRATULATIONS !

We are thankful for your consultancy services rendered on CE Marking for our "SPOT WELDING MACHINES". After all the inputs and co-operation given by M/s Goemeneasz India we could achieve a milestone on CE Marking and we had no hesitation to declare the machine conformity under "SELF -CERTIFICATION". We would also like to have a long term association with you.

We wish Goemeneasz India and Atul Shirodkar all the best in near future.

With Regards,

Atul Khanderia
